

Parkay Click Laminate Floors Maintenance (Classic & Solid)

- ❖ **Use a damp cloth to blot up spills as soon as they happen. Never allow liquids to stand on your floor**
- ❖ **Use acetone/nail polish remover on a clean white cloth to clean tough spots such as oil, paint, markers, lipstick, ink, or tar. Wipe the area with a damp cloth to remove any remaining residue.**
- ❖ **Regularly sweep, dust, or vacuum the floor with the hard attachment (not the beater bar) to prevent accumulation of dirt and grit that can scratch or dull the floor finish.**
- ❖ **Periodically clean the floor with cleaning products made specifically for laminate floor care.**
- ❖ **Do not wash or wet mop the floor with soap, water, oil-soap detergent, or any other liquid cleaning material. This could cause swelling, warping, delamination, and joint-line separation, and void the warranty.**
- ❖ **Do not use steel wool, abrasive cleaners, or strong ammoniated or chlorinated type cleaners**
- ❖ **Do not use any type of buffing or polishing machine.**
- ❖ **For spots such as candle wax or chewing gum, harden the spot with ice and then gently scrape with a plastic scraper such as a credit card. Be careful not to scratch the flooring surface. Wipe clean with a damp cloth.**
- ❖ **A more frequent dust-mopping or vacuuming schedule may be required in very sandy areas such as a beach home.**
